

## Call for Applications

Within the framework of its research focus " Künstlerische Interventionen in Gesundheitsförderung und Prävention / Artistic interventions in health promotion and prevention" the Hochschule für Künste im Sozialen, Ottersberg, University of Applied Sciences and Arts, offers a

### Doctoral Scholarship

The scholarships starts in March 2017 and it has a maximum duration of 36 months.

The overall research project comprises the evidence-based and arts-based investigation of artistic interventions in different settings and fields of application in view of the development of a mixed methodology. The project includes artistic interventions such as art in public space, intervention theater and artistic-therapeutic interventions (for further information, see

[http://www.hks-ottersberg.de/forschung/Faltblatt\\_FSP\\_2016.pdf](http://www.hks-ottersberg.de/forschung/Faltblatt_FSP_2016.pdf)

The scholarship holder is expected to cooperate in the overall project and to be involved in the research activities. The dissertation project is intended to focus on the field of artistic and/or arts-based research.

Requirements:

- Completed artistic-scientific or artistic and academic studies in an area relevant to the research area on masters level
- Interest in artistic and scientific interdisciplinary cooperation
- Very good knowledge of English and good understanding of German.

The scholarship is financed by the Lower Saxony Ministry of Science and Culture from funding of the „Niedersächsisches Vorab der Volkswagen-Stiftung“.

For further information please contact Prof. Dr. Constanze Schulze, Tel.: +49-4205 / 3949-27, e-mail: [c.schulze@hks-ottersberg.de](mailto:c.schulze@hks-ottersberg.de)

Please send your application documents (curriculum vitae, testimonials, artistic portfolio, research proposal in English or German) to Prof. Dr. Constanze Schulze, Hochschule für Künste im Sozialen, Ottersberg, Am Wiestebruch 68, 28870 Ottersberg. The application deadline is 15 December 2016.
